PREFACE

The first *Montana Manual of State and Local Government* was published in 1973 and met with a good response. The Manual filled a valuable role as a single source for information on state, local, tribal and federal government offices in Montana.

The 1978 version provides updated information and at the same time incorporates suggestions from the users to try to improve upon the 1973 Manual. The format has been changed this year to facilitate routine updating. The looseleaf format will allow the user to insert the necessary changes without having to discard the entire book. In this way we hope to increase the useful life of the basic book by many years.

Another change involves the use of a simple outline form in much of the state information. Our aim is to demonstrate the hierarchy in the branches of state government and to try to reduce confusion about the who, what and where of state government.

In compiling this Manual, the Institute relied heavily on many excellent reference sources. The manual is not all-encompassing and some users may not find the information they need contained in the Manual. Instead of including all the information any user might need, we have tried to impart a sense of direction to assist in securing needed information.

A manual such as this is put together in somewhat of a vacuum. What makes sense to the compiler may be a jargon-ridden, incomprehensible mess to the user. The Institute encourages comments, criticisms and suggestions on the format and extent of information. As ideas are received, they can be incorporated into future editions.

The Institute would like to express its thanks to all government entities that assisted in the compilation of the information contained in this Manual.

The compilation of this publication was financed in part through monies provided under the Comprehensive Employment and Training Act.

V
OFFICES OF THE LEGISLATURE

LEGISLATIVE COUNCIL

Room 138, Capitol Building, Helena, MT 59601
Phone 449-3064

Terry D. Walker, Executive Director
Diana Dowling, Code Commissioner and Director of Legal Services Division
Roberta Moody, Director of Legislative Services Division
Robert Person, Director of Research and Library Services Division

The eight-member council supervises a staff which provides research, bill drafting and legal services to the Legislature and its interim committees; engrosses, enrols, prints and mails all bills; prepares House and Senate Journals and Session Laws for publication; and provides for the recodification and indexing of Montana Statutes.

LEGISLATIVE AUDITOR

Room 135, Capitol Building, Helena, MT 59601
Phone: 449-3122

Morris L. Brusett, Legislative Auditor
Joseph J. Calnan, Deputy, Program/Performance and Sunset Audits
Ellen J. Feaver, Deputy, Financial/Compliance and Contract Audits

The office of the Legislative Auditor is responsible for auditing the financial affairs and transactions of every state agency at least once every biennium, and for assisting the Legislature by gathering and analyzing information relating to the fiscal affairs of state government. The office works under the general supervision of the bipartisan Legislative Audit Committee.

ENVIRONMENTAL QUALITY COUNCIL

1228 Eleventh Avenue, Helena, MT 59601
Phone: 449-3742

Terrance D. Carmody, Executive Director

The Environmental Quality Council was established pursuant to the Montana Environmental Policy Act (1971). The council is a legislative service and research agency with natural resource and environmental management responsibilities. It maintains an overview function of state natural resource and environmental policies and programs.

The director and staff are responsible to the full council, consisting of bipartisan membership from both Houses of the Legislature, citizen members, and an ex-officio representative of the Governor.

MONTANA CONSUMER COUNSEL

34 W. Sixth Avenue, Room 2C
Helena, Montana 59601
Phone: (406) 449-2771 or 2772

Geoffrey L. Brazier, Montana Consumer Counsel, Attorney at Law

The office is charged with the duty of representing transportation and utility consumer interests in matters before the Montana Public Service Commission and federal regulatory agencies such as the I.C.C., the F.P.C. and state and federal courts. In appropriate cases we hire the services of expert witnesses and attorneys to advocate the interests of the consuming public. Otherwise, advocacy is handled by the permanent staff.

LEGISLATIVE FISCAL ANALYST

Room 130, Capitol Building, Helena, MT 59601
Phone: 449-2986

John D. LaFaver, Legislative Fiscal Analyst

The primary statutory responsibility of the office of Legislative Fiscal Analyst is to analyze the executive budget and assist the Legislature in developing the state legislative budget and appropriations bills. In order to analyze the executive budget, the fiscal staff estimates and monitors revenues throughout the biennium, and reviews executive agency actions that eventually make an impact upon state fiscal policy.

JUDICIAL BRANCH

THE MONTANA COURT SYSTEM

I
THE SUPREME COURT

Supreme Court Room, Capitol Building, Helena, MT 59601
Phone: 449-2626

Chief Justice Frank I. Haswell
Justice Gene Daly
Justice John C. Harrison
Justice Daniel J. Shea
Justice John Sheehy

The Supreme Court has appellate jurisdiction and may issue, hear and determine writs appropriate thereto. It has original jurisdiction to issue, hear and determine writs of habeas corpus and such other writs as may be provided by law. It has general supervisory control over all other courts.

II
CLERK OF THE SUPREME COURT

Room 219a, Capitol Building, Helena, MT 59601
Phone: 449-2626

Thomas Kearney, Clerk

The Clerk of the Supreme Court preserves and files, by number and by name, all cases and records sent to the Court. He is also responsible for the bookkeeping work for the Court, and in general, assisting the Chief Justice in administrative matters.

III
COURT ADMINISTRATOR

Room 300, Capitol Building, Helena, MT 59601
Phone: 449-2626

Ray Stewart, Administrator

As administrative officer of the court, the Court Administrator is charged with, among other things, preparing and presenting judicial budget requests to the Legislature, fulfilling requests of the Legislature for information on the business transacted by the Court, and recommending improvements in the judiciary to the Supreme Court.

IV
LAW LIBRARY

Room 312a, Capitol Building, Helena, MT 59601
Phone: 449-2626

Claire Engel, Librarian

The Law Library is to procure necessary reference works, catalog them, and perform such other duties as ensure adequate legal reference resources to Montana's needs. The library is maintained for use by the members of the Supreme Court, the Legislature, state officials, state employees, the bar of the Supreme Court of Montana and the members of the general public who agree to its rules.

V
DISTRICT COURTS

There are nineteen district courts in Montana. These courts are charged with hearing appeals from lower courts and in certain circumstances are charged with original jurisdiction.

a. UNIVERSITY OF MONTANA
President Richard Bowers
Academic Vice President Donald Habbe
Vice President for Fiscal Affairs Dale Tomlinson
Missoula, Montana 59812
Telephone: (406) 243-0211

The University of Montana is one of the two largest campuses in the Montana University System and offers over 57 undergraduate degree programs. Transfer and joint program options between the University and Western Montana College and with Montana State University provide additional versatility. The University offers graduate education, including doctoral programs, concentrated in the social and natural sciences. It also conducts research and other creative activities and maintains a vigorous program of service as part of its responsibilities to the state. In addition to the College of Arts and Sciences, the University also houses the Yellow Bay Biological Station, the Forest and Conservation Experiment Station, the Stella Duncan Memorial Institute which supports respiratory research, and the animal behavior laboratory based at Fort Missoula.

b. MONTANA STATE UNIVERSITY

Acting Academic Vice President William Walters
Acting Vice President for Administration Tom Nopper
Interim Vice President for Research Theodore T. Williams
Vice President for Extension Carl J. Hoffman
Bozeman, Montana 59717
Telephone: (406) 994-0211

Montana State University, one of the two large multi-faceted universities in the Montana University System, offers over 45 undergraduate degree programs in areas including agriculture, education, engineering, letters and science, arts and architecture, business and nursing. Montana State University also offers master's and doctoral level degrees in many of these areas. It is designated, along with the University of Montana and the Montana College of Mineral Science and Technology, as a research institution and provides service to the state through the Cooperative Extension Service. Montana State University is also the site of the WAMI program, a cooperative four-state medical education program.

c. EASTERN MONTANA COLLEGE
President John Van de Wetering
Acting Academic Vice President John Van de Wetering
Vice President for Finance Ken Hiekes
Billings, Montana 59101
Telephone: (406) 245-6151

The third largest of the Montana University System units, Eastern, began its operation as a teacher-training institution and has, since 1966, expanded its program to include degrees in liberal arts. The College maintains a strong commitment to the field of education through undergraduate and graduate offerings in the School of Education. Several special education programs offered through the Institute for Habilitative Services are unique in the state and have earned a regional reputation. The Montana Center for Handicapped Children is housed at Eastern and provides opportunity for research on specialized problems.

d. MONTANA COLLEGE OF MINERAL SCIENCE AND TECHNOLOGY
President Fred DeMoney
Dean of Academic Affairs Roy H. Turley
Butte, Montana 59701
Telephone: (406) 792-8321

Montana Tech, the state's only minerals education institution, offers minerals science and engineering degrees as well as limited offerings in other areas.

Petroleum and mining engineering have the largest enrollment of Tech's degree programs. Tech also offers an environmental engineering program and an occupational safety and health program. The newest and most unique degree offering is one leading to a B.A. or a B.S. in society and technology. Tech also offers a collaborative degree in geochemistry with the University of Montana and Montana State University.

e. WESTERN MONTANA COLLEGE
Interim President George Bandy
Academic Vice President Dale Tash
Dillon, Montana 59725
Telephone: (406) 683-7011

Western Montana College is the smallest of the Montana University System institutions. Historically a teachers college, Western has expanded its offerings through affiliation with the University of Montana and now includes articulated programs in a wide variety of pre-professional fields. The College offers associate degrees in science, art, and business andundergraduate degrees in education, English and history.

f. NORTHERN MONTANA COLLEGE
Acting Vice President Warren Gardner
Acting Academic Vice President Kenneth Blair
Havre, Montana 59501
Telephone: (406) 265-7821

Northern Montana College is the only postsecondary institution in the Montana University System which combines the vocational-technical fields with the academic areas of education and liberal arts. Northern is the only school which offers a master of science degree in vocational-technical education. Northern Montana College also offers associate degrees which provide technical and skill training for a wide variety of occupations. Programs at Northern prepare teachers in industrial arts as well as elementary and secondary education. Undergraduate degree programs in history and English are available as well.

g. AGRICULTURE EXPERIMENT STATION
Dr. J.A. Asleson, Director
Montana State University
Bozeman, Montana 59715
Telephone: (406) 994-3681

The Agricultural Experiment Station was established at Montana State University by acts of the Legislature of Montana in 1893 under authorization provided by the act of Congress of 1877 (Hatch Act).

The seven Agricultural Research Centers serving major agricultural and environmental areas of the state are Central at Moccasin, Western at Corvallis, Northern at Havre, Southern at Huntley, Northwestern at Kalispell, Eastern at Sidney and United States Range Livestock Experiment Station at Miles City (cooperates with USDA).

Information derived from research conducted by the staffs of the departments and research stations strongly supports the instruction given by the subject matter departments in the classroom, and is made available to Montana residents through the subject matteer specialists and agents of the Cooperative Extension Service, and in newspapers, bulletins, circulars, leaflets, and by radio and television.

h. COOPERATIVE EXTENSION SERVICE
Dr. Carl Hoffman, Director
Montana State University
Bozeman, Montana 59717
Telephone: (406) 994-3402

The Cooperative Extension Service was created by the Smith-Lever Act of 1914, and by subsequent state legislation.

The Extension Service is an integral part of Montana State University, as well as the U.S. Department of Agriculture. Through agreements with boards of county commissioners, it works cooperatively with the counties in broad agricultural, home economics, youth and community development education programs.

The aim of the Cooperative Extension Service is to combine efforts of professional and lay people for the improvement of agriculture and the level of living of Montana citizens. To accompplish this, Extension personnel work with local leaders who assist in carrying on the programs.

Most work is carried on by Extension agents who serve within the counties and subject-matter specialists, located in academic departments, who support the work of the agents in the field.

For further information, contact your County Extension agent.

i. ENGINEERING EXPERIMENT STATION
Dr. Byron J. Bennett, Director
Montana State University
Bozeman, Montana 59717
Telephone: (406) 994-2272

The Engineering Experiment Station at Montana State University was officially created by the State Board of Education in April, 1924.

The objectives of the Station are to improve the economy, efficiency and safety of engineering activity in Montana, to promote the conservation and utilization of Montana resources and to encourage appropriate new industrial activities.

A great deal of research is done in cooperation with the Agricultural Experiment Station, and under appropriate circumstances contract research will be done for industry and government agencies.

j. MONTANA FOREST AND CONSERVATION EXPERIMENT STATION
Dr. Arnold Bolle, Director
University of Montana
Missoula, Montana 59812
Telephone: (406) 243-5522

The Montana Forest and Conservation Experiment Station, School of Forestry, the University of Montana, operates under Chapter 141, Laws of Montana of 1937. The Dean of the School of Forestry is the director.

The station is supported by funds appropriated by the Congress and the State of Montana, income from the sale of forest products, grazing, mining and special leases, and by private grants. Research is concentrated on the 27,000 acre Lubrecht Experimental Forest, and at appropriate locations throughout the State - much of it in cooperation with private, state and federal agencies.

Information derived from research conducted by the staff is made available to the people of the State in printed bulletins, leaflets, and circulars.

k. MONTANA BUREAU OF MINES AND GEOLOGY
Dr. Sidney L. Groff, Director
Montana College of Mineral Science and Technology
Butte, Montana 59701
Telephone: (406) 792-8321 ext. 247

The Montana Bureau of Mines and Geology was established as a department of Montana College of Mineral Science and Technology by the 1919 Legislative Assembly. This Bureau is charged with furthering the effective utilization of mineral resources through the investigation of their geology, production, treatment, and economics. It disseminates information through publications and by replies to individual inquiries.

Bureau funds and projects are apportioned between basic research and practical application of new knowledge. Several projects are undertaken and continued in cooperation with the U.S. Geological Survey, U.S. Bureau of Mines, and other agencies.

DEPARTMENT OF PUBLIC SERVICE REGULATION

COMMISSION MEMBERS:

Chairman: Gordon E. Bollinger
First District
Commissioner: P.J. Gilfeather
Third District
Commissioner: Thomas J. Schneider
Second District
Commissioner: James R. Shea
Fourth District
Commissioner: George Turman
Fifth District

William J. Opitz
Executive Director to the Commission
1227 Eleventh Avenue
Helena, Montana 59601
Telephone: (406) 449-3007

The responsibilities of the Public Service Commission include the regulation and safety inspection of the railroads, motor transport carrier, pipelines and public utilities. The commission itself is a five-member board composed of officials elected from five districts of Montana. The five districts have been determined on a basis of equitable population totals. Commissioners are elected on four-year terms on a staggered basis.

Specific functions include the rate review of public utilities including natural gas, electric power, and telephones. This includes municipal water utilities in addition to the major power companies. Also all forms of commercial transportation including trucking and railroads are regulated by the commission. One of the most important responsibilities in this area is that of rate cases. When a major utility or carrier seeks a rate change an application must be made to the commission. Major power utilities must also seek commission approval to finance their operations.

A more recent function of the commission is that of energy planning. The commission is working closely with the Lt. Governor's Office and other state agencies in planning for Montana's future energy needs.

1. CHILD AND YOUTH DEVELOPMENT BUREAU
Chief, Charles McCarthy
111 Sanders - P.O. Box. 4210
Helena, Montana 59601
Telephone: (406) 449-3724

   Objective of the program is to prevent juvenile delinquency through youth involvement and youth development programs. In addition the bureau provides assistance to youth-service agencies and institutions so that youth might be better served.

   The bureau coordinates existing agencies and groups to bring about more comprehensive services for children and identify gaps in children's programs and bring about change. They also make the public aware of the needs of children.

2. SOCIAL SERVICES BUREAU
Chief, Norma Cutone
111 Sanders - P.O. Box. 4210
Helena, Montana 59601
Telephone: (406) 449-3160

The Social Services Program is designed to deliver family and children services on an individual and group basis to economically deprived children, children who are abused, exploited, or neglected.

The goal of the program is to provide public social services which are directed toward achieving, to the extend possible, social rehabilitation, self-care, and economic independence for each individual and family.

The objectives of the program are:

1. Keep as many children as possible in their own home with their own parents or others acting in the role of substitute parents.
2. Secure children in facilities outside of their own home on a temporary or permanent basis where necessary.
3. Provide programs to enable aged and disabled persons to remain in their own homes.
4. Strengthen child care services for the children whose mothers are in training for work, or working outside their homes.

3. AGING SERVICES BUREAU

111 Sanders - P.O. Box. 4210
Helena, Montana 59601
Telephone: (406) 449-3434

The goal of the Visual Services Program is to provide rehabilitation and other services to individuals who are blind, partially blind, or who may be losing their sight.

Services provided include diagnosis and evaluation; counseling and guidance; physical restoration, including surgery, hospitalization and treatment; training and training materials, reader services, maintenance, transportation, services to family members, placement and follow-up services.

The objective of the program is to make available every service to individuals who are blind, partially blind, or experiencing an eye problem so that such assistance will insure that each individual has the fullest degree of independence that can be attained.

District offices are located in Helena, Billings, Great Falls, Miles City, Missoula, Glasgow, and Kalispell.

G. VETERANS' AFFAIRS DIVISION

Administrator, David W. Armstrong, Jr.
111 Sanders - P.O. Box. 4210
Helena, Montana 59601
Telephone: (406) 449-3014

The Division is charged with the responsibility of administering the affairs of all veterans of the Armed Forces of the United States, their relatives, beneficiaries and dependents who may be entitled to benefits under the Laws of the United States and the several states thereof.

It is the goal of the program to see that each veteran or dependent of a veteran who applies to the Veteran's Affairs Division for assistance is aided in receiving any or all benefits to which they are entitled from the Veteran's Administration.

The Veteran's Affairs Division has nine service officers located in nine cities of the State who serve veterans and dependents in their locality and the assigned continguous counties. These service officers assist clients in applying for compensation, pension, hospitalization, education, and loans. All these benefits are administered by the Veterans Administration.
